MANAGEMENT

Chemistry Wealth Management LLC

Form ADV Part 2A – Disclosure Brochure

Effective: January 23, 2024

This Form ADV Part 2A (“Disclosure Brochure”) provides information about the qualifications and business practices of Chemistry Wealth Management LLC (“Chemistry Wealth” or the “Advisor”). If you have any questions about the content of this Disclosure Brochure, please contact the Advisor at (212) 970-8900.

Chemistry Wealth is a registered investment advisor with the U.S. Securities and Exchange Commission (“SEC”). The information in this Disclosure Brochure has not been approved or verified by the SEC or by any state securities authority. Registration of an investment advisor does not imply any specific level of skill or training. This Disclosure Brochure provides information about Chemistry Wealth to assist you in determining whether to retain the Advisor.

Additional information about Chemistry Wealth and its Advisory Persons is available on the SEC’s website at www.adviserinfo.sec.gov by searching with the Advisor’s firm name or CRD# 316069.

Chemistry Wealth Management LLC

Item 2 – Material Changes

Form ADV 2 is divided into two parts: *Part 2A (the "Disclosure Brochure")* and *Part 2B (the "Brochure Supplement")*. The Disclosure Brochure provides information about a variety of topics relating to an Advisor's business practices and conflicts of interest. The Brochure Supplement provides information about the Advisory Persons of Chemistry Wealth.

Chemistry Wealth believes that communication and transparency are the foundation of its relationship with clients and will continually strive to provide you with complete and accurate information at all times. Chemistry Wealth encourages all current and prospective clients to read this Disclosure Brochure and discuss any questions you may have with the Advisor.

Material Changes

The following material changes have been made to this Disclosure Brochure since the last filing and distribution to Clients:

- As part of the Advisor's investment management services, the Advisor may use a third-party platform to facilitate the management of held-away assets, such as defined contribution plan participant accounts . Please see Item 4 for additional information.

Future Changes

From time to time, the Advisor may amend this Disclosure Brochure to reflect changes in business practices, changes in regulations or routine annual updates as required by the securities regulators. This complete Disclosure Brochure or a Summary of Material Changes shall be provided to you annually and if a material change occurs.

At any time, you may view the current Disclosure Brochure on-line at the SEC's Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with the Advisor's firm name or CRD# 316069. You may also request a copy of this Disclosure Brochure at any time by contacting the Advisor at (212) 970-8900.

Item 4 – Advisory Services

A. Firm Information

Chemistry Wealth Management LLC (“Chemistry Wealth” or the “Advisor”) is a registered investment advisor with the U.S. Securities and Exchange Commission (“SEC”). The Advisor is organized as a Limited Liability Company (“LLC”) under the laws of the State of Delaware. Chemistry Wealth was founded in July 2021 and became a registered investment advisor in August 2021. Chemistry Wealth is owned by Mark Chemtob (CEO & Private Wealth Advisor)

This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by Chemistry Wealth. For information regarding this Disclosure Brochure, please contact Cheung W. Chan, the Chief Compliance Officer at (212) 970-8900.

B. Advisory Services Offered

Chemistry Wealth offers investment advisory services to individuals, high net worth individuals, families, trusts, estates, and businesses (each referred to as a “Client”).

The Advisor serves as a fiduciary to Clients, as defined under the applicable laws and regulations. As a fiduciary, the Advisor upholds a duty of loyalty, fairness and good faith towards each Client and seeks to mitigate potential conflicts of interest. Chemistry Wealth's fiduciary commitment is further described in the Advisor's Code of Ethics. For more information regarding the Code of Ethics, please see Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading.

Investment Management Services

Chemistry Wealth provides customized investment advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary investment management and related advisory services. Chemistry Wealth works closely with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create a portfolio strategy. Chemistry Wealth will then construct an investment portfolio, primarily consisting of exchange-traded funds (“ETFs”), mutual funds, individual stocks, and individual bonds to achieve the Client's investment goals. The Advisor may also utilize options and other types of investments, as appropriate, to meet the needs of the Client. The Advisor may retain certain types of investments based on a Client's legacy investments based on portfolio fit and/or tax considerations.

Chemistry Wealth's investment strategies are primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held for less than one year to meet the objectives of the Client or due to market conditions. Chemistry Wealth will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

Chemistry Wealth evaluates and selects investments for inclusion in Client portfolios only after applying its internal due diligence process. Chemistry Wealth may recommend, on occasion, redistributing investment allocations to diversify the portfolio. Chemistry Wealth may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market movement. Chemistry Wealth may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of the Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client's risk tolerance.

Retirement Accounts – When the Advisor provides investment advice to Clients regarding ERISA retirement accounts or individual retirement accounts (“IRAs”), the Advisor is a fiduciary within the meaning of Title I of the Employee Retirement Income Security Act (“ERISA”) and/or the Internal Revenue Code (“IRC”), as applicable, which are laws governing retirement accounts. When deemed to be in the Client's best interest, the Advisor will provide investment advice to a Client regarding a distribution from an ERISA retirement account or to roll over the assets to an IRA, or recommend a similar transaction including rollovers from one ERISA sponsored Plan to

another, one IRA to another IRA, or from one type of account to another account (e.g. commission-based account to fee-based account). Such a recommendation creates a conflict of interest if the Advisor will earn a new (or increase its current) advisory fee as a result of the transaction. No client is under any obligation to roll over a retirement account to an account managed by the Advisor.

At no time will Chemistry Wealth accept or maintain custody of a Client's funds or securities, except for the limited authority as outlined in Item 15 – Custody. All Client assets will be managed within the designated account[s] at the Custodian, pursuant to the terms of the advisory agreement. Please see Item 12 – Brokerage Practices.

Participant Account Management – As part of the Advisor's investment management services, when appropriate, the Advisor will use a third-party platform to facilitate the management of held-away assets, such as defined contribution plan participant accounts, with investment discretion. Chemistry Wealth is not affiliated with the platform in any way and receives no compensation from them for using their platform. The Advisor will have access to review the current account allocations. When deemed necessary, the Advisor will rebalance the account considering the Client's investment goals and risk tolerance, and any change in allocations will consider current economic and market trends.

Financial Planning Services

Chemistry Wealth will typically provide a variety of financial planning and consulting services to Clients, either as a component of investment management or pursuant to a written financial planning agreement. Services are offered in several areas of a Client's financial situation, depending on their goals and objectives. Generally, such financial planning services involve preparing a formal financial plan or rendering a specific financial consultation based on the Client's financial goals and objectives. This planning or consulting may encompass one or more areas of need, including but not limited to, investment planning, retirement planning, personal savings, education savings, insurance needs, and other areas of a Client's financial situation.

A financial plan developed for, or financial consultation rendered to the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and/or charitable giving programs.

Chemistry Wealth may also refer Clients to an accountant, attorney or other specialists, as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of the Client's financial situation, observations, and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are typically completed within six (6) months of contract date, assuming all information and documents requested are provided promptly.

Financial planning and consulting recommendations pose a conflict between the interests of the Advisor and the interests of the Client. For example, the Advisor has an incentive to recommend that Clients engage the Advisor for investment management services or to increase the level of investment assets with the Advisor, as it would increase the amount of advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to implement the transaction through the Advisor.

C. Client Account Management

Prior to engaging Chemistry Wealth to provide investment advisory services, each Client is required to enter into one or more agreements with the Advisor that define the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Strategy – Chemistry Wealth, in connection with the Client, will develop a strategy that seeks to achieve the Client's goals and objectives.
- Asset Allocation – Chemistry Wealth will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance for risk for each Client.

- Portfolio Construction – Chemistry Wealth will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – Chemistry Wealth will provide investment management and ongoing oversight of the Client’s investment portfolio.

D. Wrap Fee Programs

Chemistry Wealth includes securities transaction fees together with its investment advisory fees. Including these fees into a single asset-based fee is considered a “Wrap Fee Program”. The Advisor customizes its investment management services for its Clients. The Advisor sponsors the Chemistry Wealth Wrap Fee Program solely as a supplemental disclosure regarding the combination of fees. Depending on the level of trading required for the Client’s account[s] in a particular year, the Client may pay more or less in total fees than if the Client paid its own transaction fees. Please see Appendix 1 – Wrap Fee Program Brochure, which is included as a supplement to this Disclosure Brochure.

E. Assets Under Management

As of December 31, 2023, Chemistry Wealth manages \$838,388,878 in discretionary assets and \$8,448,492 in non-discretionary assets. Total assets under management are \$846,837,370. Clients may request more current information at any time by contacting the Advisor.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client engaging the Advisor for services described herein shall be required to enter into one more written agreements with the Advisor.

A. Fees for Advisory Services

Investment Management Services

Investment advisory fees are paid monthly, in advance of each billing period, pursuant to the terms of the investment advisory agreement. Investment advisory fees are based on total market value of assets under management at the end of the prior month. Investment advisory fees range from 0.85% to 2.00% annually based on several factors, including: the scope and complexity of the services to be provided; the level of assets to be managed; and the overall relationship with the Advisor. Relationships with multiple objectives, specific reporting requirements, portfolio restrictions and other complexities may be charged a higher fee.

The investment advisory fee in the first month of service is prorated from the inception date of the account[s] to the end of the first month. Fees may be negotiable at the sole discretion of the Advisor. The Client’s fees will take into consideration the aggregate assets under management with the Advisor. All securities held in accounts managed by Chemistry Wealth will be independently valued by the Custodian. Chemistry Wealth will not have the authority or responsibility to value portfolio securities.

Financial Planning Services

Chemistry Wealth offers stand-alone financial planning services as a fixed project-based fee or as an ongoing annual engagement. For project-based engagements, fees may be charged on either an hourly or fixed fee basis. Hourly fees range up to \$300 per hour. Fixed fee engagements are based on the expected number of hours to complete the engagement at the Advisor’s hourly rate. For annual engagements, fees may be charged up to \$10,000 per financial plan.

Fees may be negotiable based on the nature and complexity of the services to be provided and the overall relationship with the Advisor. An estimate for total hours and/or total costs will be provided to the Client prior to engaging for these services.

B. Fee Billing

Investment Management Services

Investment advisory fees are calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] in advance of each month. The amount due is calculated by applying the monthly rate (annual rate divided by the number of days in the year, then multiplied by the number of days in the billing month) to the total market value of assets under management with Chemistry Wealth at the end of the prior month. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. Clients are urged to also review the brokerage statement from the Custodian, as the Custodian does not perform a verification of fees. Clients provide written authorization permitting advisory fees to be deducted by Chemistry Wealth to be paid directly from their account[s] held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

Financial Planning Services

Project-based financial planning fees may be invoiced upfront, upon execution of the financial planning agreement. Any balance shall be invoiced upon completion of the agreed upon deliverable[s].

Annual planning engagements may be invoiced upfront upon execution and renewal of the financial planning agreement. Any balance shall be invoiced upon completion of the agreed upon deliverable[s] for the respective year

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties in connection with investments made on behalf of the Client's account[s]. Chemistry Wealth includes securities transactions costs as part of its overall investment advisory fee through the Chemistry Wealth Wrap Fee Program. Securities transaction fees for Client-directed trades may be charged back to the Client. Please see Item 4.D. above as well as Appendix 1 – Wrap Fee Program Brochure.

In addition, all fees paid to Chemistry Wealth for investment advisory services are separate and distinct from the expenses charged by mutual funds and ETFs to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client may be able to invest in these products directly, without the services of Chemistry Wealth, but would not receive the services provided by Chemistry Wealth which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by Chemistry Wealth to fully understand the total fees to be paid. Please refer to Item 12 – Brokerage Practices for additional information.

D. Advance Payment of Fees and Termination

Investment Management Services

Chemistry Wealth may be compensated for its investment management services in advance of the month in which services are rendered. Either party may terminate the investment advisory agreement, at any time, by providing advance written notice to the other party. The Client may also terminate the investment advisory agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Client will be refunded a pro-rata refund of fees from the effective date of termination through the end of the month. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's prior consent.

Financial Planning Services

Chemistry Wealth may require an advance deposit for financial planning services. Either party may terminate the financial planning agreement, at any time, by providing advance written notice to the other party. The Client may also terminate the financial planning agreement within five (5) business days of signing the Advisor's agreement at no cost

to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Client shall be billed for actual hours logged on the planning project times the contractual hourly rate or in the case of a fixed fee engagement, the percentage of the engagement scope completed by the Advisor. Upon termination, the Advisor will refund any unearned, prepaid planning fees. The Client's financial planning agreement with the Advisor is non-transferable without the Client's prior consent.

E. Compensation for Sales of Securities

Chemistry Wealth does not buy or sell securities to earn commissions and does not receive any compensation for securities transactions in any Client account, other than the investment advisory fees noted above.

Item 6 – Performance-Based Fees and Side-By-Side Management

Chemistry Wealth does not charge performance-based fees for its investment advisory services. The fees charged by Chemistry Wealth are as described in Item 5 above and are not based upon the capital appreciation of the funds or securities held by any Client.

Chemistry Wealth does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

Chemistry Wealth offers investment advisory services to individuals, high net worth individuals, families, trusts, estates, and businesses. Chemistry Wealth generally does not impose a minimum relationship size.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

Chemistry Wealth primarily employs a fundamental and technical analysis methods in developing investment strategies for its Clients. Research and analysis from Chemistry Wealth are derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. This criteria consists generally of ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

Technical analysis involves the analysis of past market data rather than specific company data in determining the recommendations made to clients. Technical analysis may involve the use of charts to identify market patterns and trends, which may be based on investor sentiment rather than the fundamentals of the company. The primary risk in using technical analysis is that spotting historical trends may not help to predict such trends in the future. Even if the trend will eventually reoccur, there is no guarantee that Chemistry Wealth will be able to accurately predict such a reoccurrence.

As noted above, Chemistry Wealth generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. Chemistry Wealth will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, Chemistry Wealth may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Chemistry Wealth will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

While the methods of analysis help the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in these methods of analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. Following are some of the risks associated with the Advisor's investment strategies:

Market Risks

The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

ETF Risks

The performance of ETFs is subject to market risk, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs has a large bid-ask spread and low trading volume. The price of an ETF fluctuates based upon the market movements and may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the same ETF purchased or sold a short time later.

Bond Risks

Bonds are subject to specific risks, including the following: (1) interest rate risks, i.e. the risk that bond prices will fall if interest rates rise, and vice versa, the risk depends on two things, the bond's time to maturity, and the coupon rate of the bond. (2) reinvestment risk, i.e. the risk that any profit gained must be reinvested at a lower rate than was previously being earned, (3) inflation risk, i.e. the risk that the cost of living and inflation increase at a rate that exceeds the income investment thereby decreasing the investor's rate of return, (4) credit default risk, i.e. the risk associated with purchasing a debt instrument which includes the possibility of the company defaulting on its repayment obligation, (5) rating downgrades, i.e. the risk associated with a rating agency's downgrade of the company's rating which impacts the investor's confidence in the company's ability to repay its debt and (6) Liquidity Risks, i.e. the risk that a bond may not be sold as quickly as there is no readily available market for the bond.

Mutual Fund Risks

The performance of mutual funds is subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

Margin Borrowings

The use of short-term margin borrowings may result in certain additional risks to a Client. For example, if securities pledged to brokers to secure a Client's margin accounts decline in value, the Client could be subject to a "margin call", pursuant to which it must either deposit additional funds with the broker or be the subject of mandatory liquidation of the pledged securities to compensate for the decline in value.

Options Contracts

Investments in options contracts have the risk of losing value in a relatively short period of time. Option contracts are leveraged instruments that allow the holder of a single contract to control many shares of an underlying stock. This leverage can compound gains or losses.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Item 9 – Disciplinary Information

Chemistry Wealth values the trust Clients place in the Advisor. The Advisor encourages Clients to perform the requisite due diligence on any advisor or service provider that the Client engages. The backgrounds of the Advisor or Advisory Persons are available on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with the Advisor's firm name or CRD# 316069.

Item 10 – Other Financial Industry Activities and Affiliations

Insurance Agency Affiliations

Certain Advisory Persons are licensed insurance professionals for educational purposes only and are not in the business of selling commissionable insurance products to Clients.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

Chemistry Wealth has implemented a Code of Ethics (the "Code") that defines the Advisor's fiduciary commitment to each Client. This Code applies to all persons associated with Chemistry Wealth ("Supervised Persons"). The Code was developed to provide general ethical guidelines and specific instructions regarding the Advisor's duties to each Client. Chemistry Wealth and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of Chemistry Wealth's Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code covers a range of topics that address employee ethics and conflicts of interest. To request a copy of the Code, please contact the Advisor at (212) 970-8900.

B. Personal Trading with Material Interest

Chemistry Wealth allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Chemistry Wealth does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. Chemistry Wealth does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

Chemistry Wealth allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities that are recommended (purchase or sell) to Clients presents a conflict of interest that, as fiduciaries, must be disclosed to Clients and mitigated through policies and procedures. As noted above, the Advisor has adopted the Code to address insider trading (material non-public information controls); gifts and entertainment; outside business activities and personal securities reporting. When trading for personal accounts, Supervised Persons have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can be violated if personal trades are made with more

advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by Chemistry Wealth requiring reporting of personal securities trades by its Supervised Persons for review by the Chief Compliance Officer (“CCO”) or delegate. The Advisor has also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While Chemistry Wealth allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterwards. **At no time will Chemistry Wealth, or any Supervised Person of Chemistry Wealth, transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

Chemistry Wealth does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer/custodian (herein the "Custodian") to safeguard Client assets and authorize Chemistry Wealth to direct trades to the Custodian as agreed upon in the investment advisory agreement. Further, Chemistry Wealth does not have the discretionary authority to negotiate commissions on behalf of Clients on a trade-by-trade basis.

Where Chemistry Wealth does not exercise discretion over the selection of the Custodian, it may recommend the Custodian to Clients for custody and execution services. Clients are not obligated to use the Custodian recommended by the Advisor and will not incur any extra fee or cost associated with using a custodian not recommended by Chemistry Wealth. However, the Advisor may be limited in the services it can provide if the recommended Custodian is not engaged. Chemistry Wealth may recommend the Custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, and its reputation and/or the location of the Custodian's offices. Chemistry Wealth will generally recommend that Clients establish their account[s] at Charles Schwab & Co., Inc. (“Schwab”), a FINRA-registered broker-dealer and member SIPC. Schwab will serve as the Client's “qualified custodian”. Chemistry Wealth maintains an institutional relationship with Schwab, whereby the Advisor receives economic benefits from Schwab. Please see Item 14 below.

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with a broker-dealer/custodian in exchange for research and other services. **Chemistry Wealth does not participate in soft dollar programs sponsored or offered by any broker-dealer/custodian. However, the Advisor receives certain economic benefits from the Custodian. Please see Item 14 below.**

2. Brokerage Referrals - Chemistry Wealth does not receive any compensation from any third party in connection with the recommendation for establishing an account.

3. Directed Brokerage - All Clients are serviced on a “directed brokerage basis”, where Chemistry Wealth will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded within their respective account[s]. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor's own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client's account[s]). Chemistry Wealth will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of the order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the Custodian. Chemistry Wealth will execute its transactions through the Custodian as authorized by the Client. Chemistry Wealth may aggregate orders in a block trade or trades when

securities are purchased or sold through the Custodian for multiple (discretionary) accounts in the same trading day. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage any particular Clients' accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities in Client accounts are monitored on a regular and continuous basis by Advisory Persons of the Advisor and periodically by the CCO. Formal reviews are generally conducted at least annually or more frequently depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account[s]. The Client is encouraged to notify Chemistry Wealth if changes occur in the Client's personal financial situation that might adversely affect the Client's investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian's website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 – Client Referrals and Other Compensation

A. Compensation Received by Chemistry Wealth

Chemistry Wealth may refer Clients to various unaffiliated, non-advisory professionals (e.g. attorneys, accountants, estate planners) to provide certain financial services necessary to meet the goals of its Clients. Likewise, Chemistry Wealth may receive non-compensated referrals of new Clients from various third-parties.

Participation in Institutional Advisor Platform

Chemistry Wealth has established an institutional relationship with Schwab through its "Schwab Advisor Services" unit, a division of Schwab dedicated to serving independent advisory firms like Chemistry Wealth. As a registered investment advisor participating on the Schwab Advisor Services platform, Chemistry Wealth receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Schwab. Services provided by Schwab Advisor Services benefit the Advisor and many, but not all services provided by Schwab will benefit Clients. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of this custodian over one that does not furnish similar software, systems support, or services.

Services that Benefit the Client – Schwab's institutional brokerage services include access to a broad range of investment products, execution of securities transactions, and custody of Client's funds and securities. Through Schwab, the Advisor may be able to access certain investments and asset classes that the Client would not be able to obtain directly or through other sources. Further, the Advisor may be able to invest in certain mutual funds and other investments without having to adhere to investment minimums that might be required if the Client were to directly access the investments.

Services that May Indirectly Benefit the Client – Schwab provides participating advisors with access to technology, research, discounts and other services. In addition, the Advisor receives duplicate statements for Client accounts, the ability to deduct advisory fees, trading tools, and back office support services as part of its relationship with Schwab. These services are intended to assist the Advisor in effectively managing accounts for its Clients, but may not directly benefit all Clients.

Services that May Only Benefit the Advisor – Schwab also offers other services and financial support to Chemistry Wealth that may not benefit the Client, including: educational conferences and events, financial start-up support, consulting services and discounts for various service providers. Access to these services creates a financial incentive for the Advisor to recommend Schwab, which results in a potential conflict of interest. Chemistry Wealth believes, however, that the selection of Schwab as Custodian is in the best interests of its Clients.

B. Compensation for Client Referrals

The Advisor does not compensate, either directly or indirectly, any persons who are not supervised persons, for Client referrals.

Item 15 – Custody

Chemistry Wealth does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Advisor's fees. All Clients must place their assets with a "qualified custodian". Clients are required to engage the Custodian to retain their funds and securities and direct Chemistry Wealth to utilize that Custodian for the Client's security transactions. Clients should review statements provided by the Custodian and compare to any reports provided by Chemistry Wealth to ensure accuracy, as the Custodian does not perform this review. For more information about custodians and brokerage practices, see Item 12 – Brokerage Practices.

If the Client gives the Advisor authority to move money from one account to another account, the Advisor may have custody of those assets. In order to avoid additional regulatory requirements, the Custodian and the Advisor have adopted safeguards to ensure that the money movements are completed in accordance with the Client's instructions.

Item 16 – Investment Discretion

Chemistry Wealth generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by Chemistry Wealth. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an investment advisory agreement containing all applicable limitations to such authority. All discretionary trades made by Chemistry Wealth will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

Chemistry Wealth does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting. Directing the Custodian to deliver proxies to the Advisor will not create the obligation or authority for the Advisor to vote proxies.

Item 18 – Financial Information

Neither Chemistry Wealth, nor its management, have any adverse financial situations that would reasonably impair the ability of Chemistry Wealth to meet all obligations to its Clients. Neither Chemistry Wealth, nor any of its Advisory Persons, have been subject to a bankruptcy or financial compromise. Chemistry Wealth is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect advance fees of \$1,200 or more for services to be performed six months or more in the future.

CHEMISTRY WEALTH MANAGEMENT

Chemistry Wealth Management LLC

Form ADV Part 2A – Appendix 1 ("Wrap Fee Program Brochure")

Effective: January 23, 2024

This Form ADV2A - Appendix 1 ("Wrap Fee Program Brochure") provides information about the qualifications and business practices for Chemistry Wealth Management LLC ("Chemistry Wealth" or the "Advisor") services when offering services pursuant to a wrap program. This Wrap Fee Program Brochure shall always be accompanied by the Chemistry Wealth Disclosure Brochure, which provides complete details on the business practices of the Advisor. If you did not receive the complete Chemistry Wealth Disclosure Brochure or you have any questions about the contents of this Wrap Fee Program Brochure or the Chemistry Wealth Disclosure Brochure, please contact us at (212) 970-8900.

Chemistry Wealth is a registered investment advisor with the U.S. Securities and Exchange Commission ("SEC"). The information in this Wrap Fee Program Brochure has not been approved or verified by the SEC or by any state securities authority. Registration of an investment advisor does not imply any specific level of skill or training. This Wrap Fee Program Brochure provides information about Chemistry Wealth to assist you in determining whether to retain the Advisor.

Additional information about Chemistry Wealth and its advisory persons are available on the SEC's website at www.adviserinfo.sec.gov by searching for our firm name or by our CRD# 316069.

Item 2 – Material Changes

Form ADV 2A - Appendix 1 provides information about a variety of topics relating to an Advisor’s business practices and conflicts of interest. In particular, this Wrap Fee Program Brochure discusses Wrap Fee Programs offering by the Advisor.

Material Changes

There have been no material changes made to this Wrap Fee Program Brochure since the last filing and distribution to Clients.

Future Changes

From time to time, we may amend this Wrap Fee Program Brochure to reflect changes in our business practices, changes in regulations and routine annual updates as required by the securities regulators. This complete Wrap Fee Program Brochure (along with the complete Chemistry Wealth Disclosure Brochure) or a Summary of Material Changes shall be provided to each Client annually and if a material change occurs in the business practices of Chemistry Wealth.

At any time, you may view this Wrap Fee Program Brochure and the current Disclosure Brochure on-line at the SEC’s Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching for our firm name or by our CRD# 316069. You may also request a copy of this Disclosure Brochure at any time, by contacting us at (212) 970-8900.

Item 3 – Table of Contents	16
Item 4 – Services Fees and Compensation	17
Item 5 – Account Requirements and Types of Clients	18
Item 6 – Portfolio Manager Selection and Evaluation	18
Item 7 – Client Information Provided to Portfolio Managers	19
Item 8 – Client Contact with Portfolio Managers	19
Item 9 – Additional Information	19

Item 4 – Services Fees and Compensation

A. Services

Chemistry Wealth Management LLC (“Chemistry Wealth”) provides customized investment advisory services for its Clients. This Wrap Fee Program Brochure is provided as a supplement to the Chemistry Wealth Disclosure Brochure (Form ADV 2A). This Wrap Fee Program Brochure is provided along with the complete Disclosure Brochure to provide full details of the business practices and fees when selecting Chemistry Wealth as your investment advisor.

As part of the investment advisory fees noted in Item 5 of the Disclosure Brochure, Chemistry Wealth includes normal securities transaction fees as part of the overall investment advisory fee. Securities regulations often refer to this combined fee structure as a “Wrap Fee Program”. The Advisor sponsors the Chemistry Wealth Wrap Fee Program.

The sole purpose of this Wrap Fee Program Brochure is to provide additional disclosure relating the combination of securities transaction fees into the single “bundled” investment advisory fee. This Wrap Fee Program Brochure references back to the Chemistry Wealth Disclosure Brochure in which this Wrap Fee Program Brochure serves as an Appendix. **Please see Item 4 – Advisory Services of the Disclosure Brochure for details on Chemistry Wealth’s investment philosophy and related services.**

B. Program Costs

Advisory services provided by Chemistry Wealth are offered in a wrap fee structure whereby normal securities transaction costs are included in the overall investment advisory fee paid to Chemistry Wealth. As the level of trading in a Client’s account[s] may vary from year to year, the annual cost to the Client may be more or less than engaging for advisory services where the transactions costs are borne separately by the Client. The cost of the Wrap Fee Program varies depending on services to be provided to each Client, however, the Client is not charged more if there is higher trading activity in the Client’s account[s]. A Wrap Fee structure has a potential conflict of interest as the Advisor may have an incentive to limit the number of trades placed in the Client’s account[s]. **Please see Item 5 – Fees and Compensation of the Disclosure Brochure for complete details on fees.**

C. Fees

Investment advisory fees are paid monthly, in advance of each month, pursuant to the terms of the investment advisory agreement. Investment advisory fees range from 0.85% to 2.00% annually based on several factors, including: the scope and complexity of the services to be provided; the level of assets to be managed; and the overall relationship with the Advisor. Relationships with multiple objectives, specific reporting requirements, portfolio restrictions and other complexities may be charged a higher fee.

The investment advisory fee in the first month of service is prorated from the inception date of the account[s] to the end of the first month. Fees may be negotiable at the sole discretion of the Advisor. The Client’s fees will take into consideration the aggregate assets under management with the Advisor. All securities held in accounts managed by Chemistry Wealth will be independently valued by the Custodian. Chemistry Wealth will not have the authority or responsibility to value portfolio securities.

As noted above, the Wrap Fee Program includes normal securities trading costs incurred in connection with the discretionary investment management services provided by Chemistry Wealth. Securities transaction fees for Client-directed trades may be charged back to the Client, if applicable. The Advisor’s recommended Custodian may not charge securities transaction fees for ETF and equity trades in a Client’s account[s], provided that the account meets the terms and conditions of the Custodian’s brokerage requirements. The Custodian typically charges for institutional mutual funds, options, and other types of investments. This means that, in most cases, when the Advisor buys and sells ETFs and equity securities in the Client’s account[s], there are no securities transaction fees paid to the Custodian, but there is a cost to the Advisor for purchasing most institutional mutual funds. There is an incentive for Chemistry Wealth to utilize ETFs and equities over mutual funds and other investments that have a cost to the Advisor."

In addition, all fees paid to Chemistry Wealth for investment advisory services or part of the Wrap Fee Program are separate and distinct from the expenses charged by mutual funds and exchange-traded funds to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. The Client may also incur other costs assessed by the Custodian or other parties for account related activity fees, such as wire transfer fees, fees for trades executed away from the Custodian and other fees. The Advisor does not control nor share in these fees. The Client should review both the fees charged by the fund[s] and the fees charged by Chemistry Wealth to fully understand the total fees to be paid. Please see Item 5.C. – Other Fees and Expenses in the Disclosure Brochure (included with this Wrap Fee Program Brochure).

D. Compensation

Chemistry Wealth is the sponsor and portfolio manager of this Wrap Fee Program. Chemistry Wealth receives investment advisory fees paid by Clients for participating in the Wrap Fee Program and pays the Custodian for the costs associated with the normal trading activity in the Client's account[s].

Item 5 – Account Requirements and Types of Clients

Chemistry Wealth offers investment advisory services to individuals, high net worth individuals, families, trusts, estates, and businesses. Chemistry Wealth generally does not impose a minimum account size for establishing a relationship. Please see Item 7 – Types of Clients in the Disclosure Brochure for additional information.

Item 6 – Portfolio Manager Selection and Evaluation

Portfolio Manager Selection

Chemistry Wealth serves as sponsor and as portfolio manager for the services under this Wrap Fee Program.

Related Persons

Chemistry Wealth personnel serve as portfolio managers for this Wrap Fee Program. Chemistry Wealth does not serve as a portfolio manager for any third-party Wrap Fee Programs.

Performance-Based Fees

Chemistry Wealth does not charge performance-based fees for its investment advisory services. The fees charged by Chemistry Wealth are as described in Item 5 above and are not based upon the capital appreciation of the funds or securities held by any Client. Chemistry Wealth does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Supervised Persons

Chemistry Wealth Advisory Persons serve as portfolio managers for all accounts, including the services described in this Wrap Fee Program Brochure. Details of the advisory services provided are included in Item 4.A. of the Disclosure Brochure.

Methods of Analysis

Please see Item 8 of the Disclosure Brochure (included with this Wrap Fee Program Brochure) for details on the research and analysis methods employed by the Advisor.

Risk of Loss

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor. Please see Item 8.B. – Risk of Loss in the Disclosure Brochure for details on investment risks.

Proxy Voting

Chemistry Wealth does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 7 – Client Information Provided to Portfolio Managers

Chemistry Wealth is the sponsor and sole portfolio manager for the Program. The Advisor does not share Client information with other portfolio managers because it is the sole portfolio manager for this Wrap Fee Program. Please also see the Chemistry Wealth Privacy Policy (included after this Wrap Fee Program Brochure).

Item 8 – Client Contact with Portfolio Managers

Chemistry Wealth is a full-service investment management advisory firm. Clients always have direct access to the Portfolio Managers at Chemistry Wealth.

Item 9 – Additional Information

A. Disciplinary Information and Other Financial Industry Activities and Affiliations

Chemistry Wealth values the trust Clients place in the Advisor. The Advisor encourages Clients to perform the requisite due diligence on any advisor or service provider that the Client engages. The backgrounds of the Advisor or Advisory Persons are available on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with the Advisor's firm name or CRD# 316069.

Please see Item 9 of the Chemistry Wealth Disclosure Brochure as well as Item 3 of each Advisory Person's Brochure Supplement (included with this Wrap Fee Program Brochure) for additional information on how to research the background of the Advisor and its Advisory Persons.

Other Financial Activities and Affiliations

Please see Items 10 and 14 of the Form ADV Part 2A – Disclosure Brochure (included with this Wrap Fee Program Brochure).

B. Code of Ethics, Review of Accounts, Client Referrals, and Financial Information

Chemistry Wealth has implemented a Code of Ethics that defines our fiduciary commitment to each Client. This Code of Ethics applies to all persons subject to Chemistry Wealth's compliance program (our "Supervised Persons"). Complete details on the Chemistry Wealth Code of Ethics can be found under Item 11 – Code of Ethics, Participation in Client Transactions and Personal Trading in the Disclosure Brochure (included with this Wrap Fee Program Brochure).

Review of Accounts

Investments in Client accounts are monitored on a regular and continuous basis by Advisory Persons of Chemistry Wealth under the supervision of the Chief Compliance Officer ("CCO"). Details of the review policies and practices are provided in Item 13 of the Form ADV Part 2A – Disclosure Brochure.

Other Compensation

Participation in Institutional Advisor Platform

Chemistry Wealth will generally recommend that Clients establish their account[s] at Charles Schwab & Co., Inc. ("Schwab"), a FINRA-registered broker-dealer and member SIPC. Schwab will serve as the Client's "qualified custodian". Chemistry Wealth has established an institutional relationship with Schwab through its "Schwab Advisor Services" unit, a division of Schwab dedicated to serving independent advisory firms like Chemistry Wealth. As a registered investment advisor participating on the Schwab Advisor Services platform, Chemistry Wealth receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Schwab. Services provided by Schwab Advisor Services benefit the Advisor and many, but not all services provided by Schwab will benefit Clients. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a custodian creates a potential conflict of interest since these benefits may influence the

Advisor's recommendation of this custodian over one that does not furnish similar software, systems support, or services.

Services that Benefit the Client – Schwab's institutional brokerage services include access to a broad range of investment products, execution of securities transactions, and custody of Client's funds and securities. Through Schwab, the Advisor may be able to access certain investments and asset classes that the Client would not be able to obtain directly or through other sources. Further, the Advisor may be able to invest in certain mutual funds and other investments without having to adhere to investment minimums that might be required if the Client were to directly access the investments.

Services that May Indirectly Benefit the Client – Schwab provides participating advisors with access to technology, research, discounts and other services. In addition, the Advisor receives duplicate statements for Client accounts, the ability to deduct advisory fees, trading tools, and back office support services as part of its relationship with Schwab. These services are intended to assist the Advisor in effectively managing accounts for its Clients, but may not directly benefit all Clients.

Services that May Only Benefit the Advisor – Schwab also offers other services and financial support to Chemistry Wealth that may not benefit the Client, including: educational conferences and events, financial start-up support, consulting services and discounts for various service providers. Access to these services creates a financial incentive for the Advisor to recommend Schwab, which results in a potential conflict of interest. Chemistry Wealth believes, however, that the selection of Schwab as Custodian is in the best interests of its Clients.

Please see Item 14 – Other Compensation in the Form ADV Part 2A – Disclosure Brochure (included with this Wrap Fee Program Brochure) for details on additional compensation that may be received by Chemistry Wealth or its Advisory Persons. Each Advisory Person's Brochure Supplement (also included with this Wrap Fee Program Brochure) provides details on any outside business activities and the associated compensation.

Compensation for Client Referrals

The Advisor does not compensate, either directly or indirectly, any persons who are not supervised persons, for Client referrals.

Financial Information

Neither Chemistry Wealth, nor its management, have any adverse financial situations that would reasonably impair the ability of Chemistry Wealth to meet all obligations to its Clients. Neither Chemistry Wealth, nor any of its Advisory Persons, have been subject to a bankruptcy or financial compromise. Chemistry Wealth is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect advance fees of \$1,200 or more for services to be performed six months or more in the future.

Privacy Policy

Effective: January 23, 2024

Our Commitment to You

Chemistry Wealth Management LLC (“Chemistry Wealth” or the “Advisor”) is committed to safeguarding the use of personal information of our Clients (also referred to as “you” and “your”) that we obtain as your Investment Advisor, as described here in our Privacy Policy (“Policy”).

Our relationship with you is our most important asset. We understand that you have entrusted us with your private information, and we do everything that we can to maintain that trust. Chemistry Wealth (also referred to as “we”, “our” and “us”) protects the security and confidentiality of the personal information we have and implements controls to ensure that such information is used for proper business purposes in connection with the management or servicing of our relationship with you.

Chemistry Wealth does not sell your non-public personal information to anyone. Nor do we provide such information to others except for discrete and reasonable business purposes in connection with the servicing and management of our relationship with you, as discussed below.

Details of our approach to privacy and how your personal non-public information is collected and used are set forth in this Policy.

Why you need to know?

Registered Investment Advisors (“RIAs”) must share some of your personal information in the course of servicing your account. Federal and State laws give you the right to limit some of this sharing and require RIAs to disclose how we collect, share, and protect your personal information.

What information do we collect from you?

Driver’s license number	Date of birth
Social security or taxpayer identification number	Assets and liabilities
Name, address and phone number[s]	Income and expenses
E-mail address[es]	Investment activity
Account information (including other institutions)	Investment experience and goals

What Information do we collect from other sources?

Custody, brokerage and advisory agreements	Account applications and forms
Other advisory agreements and legal documents	Investment questionnaires and suitability documents
Transactional information with us or others	Other information needed to service account

How do we protect your information?

To safeguard your personal information from unauthorized access and use we maintain physical, procedural and electronic security measures. These include such safeguards as secure passwords, encrypted file storage and a secure office environment. Our technology vendors provide security and access control over personal information and have policies over the transmission of data. Our associates are trained on their responsibilities to protect Client’s personal information.

We require third parties that assist in providing our services to you to protect the personal information they receive from us.

How do we share your information?

An RIA shares Client personal information to effectively implement its services. In the section below, we list some reasons we may share your personal information.

Basis For Sharing	Do we share?	Can you limit?
<p>Servicing our Clients We may share non-public personal information with non-affiliated third parties (such as administrators, brokers, custodians, regulators, credit agencies, other financial institutions) as necessary for us to provide agreed upon services to you, consistent with applicable law, including but not limited to: processing transactions; general account maintenance; responding to regulators or legal investigations; and credit reporting.</p>	Yes	No
<p>Marketing Purposes Chemistry Wealth does not disclose, and does not intend to disclose, personal information with non-affiliated third parties to offer you services. Certain laws may give us the right to share your personal information with financial institutions where you are a customer and where Chemistry Wealth or the client has a formal agreement with the financial institution. We will only share information for purposes of servicing your accounts, not for marketing purposes.</p>	No	Not Shared
<p>Authorized Users Your non-public personal information may be disclosed to you and persons that we believe to be your authorized agent[s] or representative[s].</p>	Yes	Yes
<p>Information About Former Clients Chemistry Wealth does not disclose and does not intend to disclose, non-public personal information to non-affiliated third parties with respect to persons who are no longer our Clients.</p>	No	Not Shared

Changes to our Privacy Policy

We will send you a copy of this Policy annually for as long as you maintain an ongoing relationship with us.

Periodically we may revise this Policy and will provide you with a revised Policy if the changes materially alter the previous Privacy Policy. We will not, however, revise our Privacy Policy to permit the sharing of non-public personal information other than as described in this notice unless we first notify you and provide you with an opportunity to prevent the information sharing.

Any Questions?

You may ask questions or voice any concerns, as well as obtain a copy of our current Privacy Policy by contacting us at (212) 970-8900.
